Up to date of this transcript the requirements for the Master's degree in Neuro-cognitive Psychology have not been fulfilled.

End of Transcript

Grades on each piece of work are indicated as: 1 = very good; 2 = good; 3 = satisfactory; 4 = sufficient. To guarantee a higher degree of differentiation, grades may be decreased or increased by 0.3. Grades of 4.3, 4.7 and 5.3 are not possible.

The overall grade is indicated as: from 0,70 up to and including 1,00 = "excellent"; from 1,01 up to and including 1,50 = "very good"; from 1,51 up to and including 2,50 = "good"; from 2,51 up to and including 3,50 = "satisfactory" and from 3,51 up to and including 4,00 = "sufficient".

Certificate of Attendance

We hereby confirm that

Aleksandra Kupferberg

participated in the course:

Clinical Investigators I: Basic GCP and clinical research training course

Organized by CTU Bern February 19, 2014 (1 day course)

In addition attendance is acknowledged with:

- 5 credits (category B, seminars) as continuing medical education for physicians in medical oncology and haematology (SGH, SGMO)
- 5.5 credits of the Swiss Association of Pharmaceutical Professionals (SwAPP)
- the full duration of the course can be counted towards the SGAM continuing education program

Swissmedic confirmed, that this training program (Basic and Advanced training courses) fulfils the published requirements accepted by AGEK, SAMW, SMIFK, SIWF, SGCI, Swissmedic and SCTO for the training of co-investigators. Participants finishing this training fulfil the requirements of Art. 10 HRA and Art.6 ClinO
